Lloyd and Justyn Rigby Won First and Second in Oats at The Toronto Royal

As if it were not enough to help win the highest honors of the nation in the June 30 seed judging competition at the Royal Western, Lloyd, a native-bred wire states that Justyn Rigby won second place in the oat class, the first award going to his brother Lloyd, who is now only excluded in the grain classes from the Peace River.

The oats (Victory) were grown from seed, the strain of which has been seeded on the Rigby farm for the last four years.

Justyn, who was accompanied by his father, was a visitor in Grande Prairie on Saturday and in discussion on his experience in the East with The Tribune. He said that among the many things which struck him was the low price of gas at Toronto. He stated that gas was selling at five cents for a gallon.

Reporter: "How do you account for that?"

Justyn: "The only explanation I can give is that the volume sold there permits of the lower prices."

The return visit of Rycroft Badminton Club on Monday, December 2, quite fulfilled the expectations in the good sport and fine sociability provided. We may be a little cramped for spectator room in our hall, but it is a good place to have a game and exchange banter a little more warmly.

Fourteen ladies and nine gents represented the visitors with 27 on the home side there were ten ladies and ten gents. In the twenty games played the honors were evenly divided.

We are very much pleased for their play and their company, three of our keenest players, Mr. and Mrs. N. J. Norris who were running severe colds, and Mr. Donaldson, who also was unable to attend.

The club wishes to thank Mr. Pete Wm. and the Dominion Hotel staff for their generous accommodation in throwing open the hotel annex for our use as cloak and lunch room. We are also grateful to Mr. J. J. Jones for the making of the real good coffee and to the Acme Garage staff for giving us an extra lease of light for the occasion.

WEMBLEY NEWS

"For Pete's Sake" Made Big Hit Last Friday

WEMBLEY, Nov. 5.—Wembley has a reputation for "putting over" any thing it undertakes and this was fully maintained when the Wembley W. Club last Friday presented "For Pete's Sake," the able production of Mr. R. A. Bunyan before a crowded house.

The Wembley cast presenting this play will be called an "all-star" one, as each member of it played his or her part admirably.

The play was a group of college students and there is not a minute during the three acts without a laugh. These students—W. Wellington New and Arlene—had a hard time, stiff, even under very embarrassing circumstances, and the timid but courtious dean, Mr. Bunyan, proved that he can never lose his eye for a comedy maid.

Blondes were very much in evidence among the ladies, although one of them was very much "off color" for the time being.

Mrs. Whigham, as Peter's aunt; Miss Clifford, as a society girl; Mrs. Cook and Doreen, and Eva Duncan as the reporter and sleuth were all excellent in their various parts, while Mr. Bunyan, in the dark coat who did not care for spooks was one of the high lights of the play.

The Wembley cast, and the bachelors bachelors, Carson, also portrayed their parts cleverly.

It would not surprise us to hear of Hollywood studios visiting our village and that the school board was minus a teacher, the policeman and school teacher looking for housekeepers, the electrician, the doctor, the dentist, and a vacancy in the post office.

You will hear more of "For Pete's Sake," so do not miss the opportunity of seeing it, if you can.

HALCOURT NEWS

BAD ACCIDENT AT MINE
HALCOURT, Dec. 2.—A terrible accident occurred at the coal mine on the Red Willow River on Saturday afternoon last. Mr. S. Spence was digging coal when a mass of earth and rock fell down on him. He at once went to phone for a doctor, when it was found both his legs were broken and he had suffered other injuries. He was taken to the Orange Lodge, where he was given first aid. The Orange Lodge, the Halcourt Municipal Hospital, his friends, and the Red Willow Hospital, all did their best to help him. He is now in the hospital in Weyburn, where he is receiving the best medical care.

BULL BRINGS GOOD PRICE
Mr. Percy Hunkins sold a young bull this week for a very good price. He is beginning to think himself quite a cattle man, for he sold one last year which also realized a good sum.

LEGION THANKS ORANGEMEN
The Canadian Legion paid a visit to the members of the Halcourt Lodge of the Orangemen for their kindness in letting them have the hall free for a dance.

WAS A REAL SUCCESS
The shadow social and dance held on Friday last for the benefit of the school fund was a real success, the hall being full to capacity. High prices were paid for the shadows and the dance went over with a bang.

To the many who helped to make those who helped to make it such a success, especially the music, which was donated, and the members of the Orange Lodge, who donated the hall.

The Christmas tree and dance will take place in the hall on Friday, December 26.

FLYING SHOT ITEMS

OLDTIMER WILL BE MISSED

FLYING SHOT, Dec. 3.—Mr. Jack Owen was laid to his last long rest on Monday, December 2. The impressive funeral service was held in the Anglican Church. His familiar figure and kindly greeting to all who came in contact with him, will be sadly missed. He was always courteous and kindly disposed to the affairs of our community. He was born in the year 1870 and died in 1935, having passed his 65th birthday. He was one of the first settlers in the Flying Shot district and his demise is greatly regretted.

CANADIAN GEESE DELIGHTED WITH ENGLISH CLIMATE—DECIDE TO STAY
Here is a remarkable photograph showing part of the flock of several hundred Canadian black-necked geese which are a feature of the three-quarter-mile long lake in Holkham Park, the North Norfolk seat of the Earl of Leicester. Introduced to the English climate several years ago, these beautiful creatures are perfectly satisfied with their surroundings and commonly fraternize with the wild pink-footed geese which frequent the local marshes. They almost merit a place on the list of "wild" British birds.

MUSSOLINI PILES UP HIS SUPPLIES AT ERITREA
This scene of feverish activity is the port at Massawa, Eritrea, where Mussolini ships the majority of the supplies to feed and clothe his soldiers in Ethiopia. During the past few months conditions in Massawa have been akin to the proverbial beehive, but since sanctions have been applied by the League of Nations the situation has become hectic.

THE "WAR" BETWEEN THE BLACKS AND THE WHITES
Strange as it may seem, the picture above shows a "friendly" game of rugby between the New Zealand All Blacks and the London Counties team. This was the All Blacks first match in London, and they defeated the Counties before an enormous crowd. When the picture was taken a scrum had just broken up, and the All Blacks scrum half is about to whip the ball to the stand-off half on the left of the picture. Note the loving embraces on the right.

UNUSUAL HARVEST THANKSGIVING SCENES AT ST. DUNSTAN'S
One of the most unique harvest festivals in the British Isles takes place each year at St. Dunstan's-in-the-East, London, when porters from the famous London fish market at Billingsgate take gifts of fish to the church. Above we see Dr. Oliver receiving gifts of fish inside the church from the porters, who are still wearing their quaint hats. In the foreground among the harvest among the harvest gifts are three large pieces of coal.

MILESTONES IN AIR HISTORY

(By J. W. Neff)

Conclusion

Cathcart-Jones' Record
It was while returning after the Methuen race that Cathcart-Jones and Waller reduced the record in Australia-England flight to six days seventeen hours and ten minutes; and another flight record was that of Waller and Franchois, who made a mail-carrying flight of 8,882 miles from Brussels to the Belgian Congo in 44 hours 10 minutes.

Bringing this brief review to quite recent times, we have seen that fine flight of H. L. Brown, in which he set up his record light plane flight from Australia and England of 7 days 19 hours 15 minutes; while gallant Jean Batten has added to her credit the distinction of being the first woman to make a return solo flight on the England-Australia air route.

Dazzling Pageant

It was a dazzling pageant of progress trials that have been seen in the three decades since the first fully controlled flights were made with an engine-driven mail-carrying airplane. Speeds have increased from 30 mph. to over 400, and instead of skimming a few feet above the ground may be projected nearly four thousand feet into the sky, while a first record of less than 1,000 feet has been taken to a nonstop flight of 20,000 miles in 48 hours. On several occasions the globe was girdled completely by record-breaking airmen, and by its size and weight the record was increased from a tiny 12 h.p. machine, just able to lift its pilot, to great metal-built aircraft developing thousands of horsepower and carrying loads reckoned not in pounds but in tons. Scientifically, as represented by the world's work in aircraft design and flying, early aviation has made astonishing strides, and today man-carrying gliders of the latest types are being built with wings so large that, thus permitting such remarkable air journeys as that made recently from London to Paris by Krieffeld in his 5 h.p. biplane, which used less than \$1 for fuel. And with revolving wing aircraft, such as the autogiro, the world is to be revolutionized in ambition of an air machine which will go almost straight up into the air, hover nearly motionless, when required, and descend and light in any quite restricted landings. Some quite amazing demonstrations have been given recently.

Where Will It End?

When the end is not yet in sight at the moment air transport is busy with planes which should in a couple of years time enable passengers to make regular journeys comparable with the world flying from England to India and Australia, thence across the Pacific, on over the United States to New York, and thence across the Atlantic via the Azores—a globe encircling journey of 20,000 miles in roughly 10 days. And at the same time a rocket motor and technique of penetrating 30 miles into the upper air, where stratosphere speeds are predicted of 1,000 and 1,200 miles per hour.

At the Capitol Next Week

During the past weeks a string of pictures has been shown at the Capitol, Grande Prairie, and last week, Barrie's great story, "The Little Minister," thrilled picture picture fans and many saw it twice. At the end of the week, "The Little Minister" delighted music lovers. This week, "Barrie, Stanwyck in "The Woman in Red" was outstanding on Monday, Tuesday, Friday and Saturday. For Thursday, Friday and Saturday, Maurice Chevalier, in "Folies Bergere" is the big drawing card.

MATHESON LANG AT CAPITOL
NEXT MON., TUES., WED.

That sterling actor, Matheson Lang, who was born in Montreal in 1885, will be seen in "The Great Defender," a British International Picture, showing next Monday, Tuesday and Wednesday.

It is a great story of an eminent King's Counsel whose forte was defense and whose attitude toward his client was such that he would do anything—providing he was first convinced of the innocence of the accused.

The audience under-dog no matter how black the case against him, could

always be assured of an almost fanatical befriending if Sir Douglas Rolls was called in to defend him sufficiently to accept the heavy case.

Rev. C. Locke served as a case in point.

Possibly Leslie Lang, A.K.A., should have married. His wife was of a torously jealous disposition and had himself a penchant for models who possessed, besides beauty, an easy-going disposition.

Phyllis Ware, Locke's latest model, was just such a girl. She was unquestionably beautiful, and in Locke's eyes, her only fault was that her personality might be too weak as a loyalty to himself. There were, in fact, others, to one of whom he turned, but he was compelled to leave to a stormy scene between Locke and his model which culminated, so sensitively are the passions, in an embrace and a kiss.

Locke thereupon first sought advice, and then had her husband "watched."

The presence of detectives at his home, and Locke's having a few tasteless scenes with his wife, he left her to seek Phyllis.

He was seen to arrive at the girl's lodgings, and, in the morning the morning the murdered body of the girl

was discovered. Locke was at once suspected.

The public has seldom staged a more spectacular five days' wonder, but it was quite one of the most disheartening cases of the year.

Sir Douglas Rolls, the famous King's Counsel, who had been briefed for the defense.

He listened to the case and listened to the solicitor who wished to brief Rolls fall during the recital. Then, as they took their departure, Sir Douglas astonished his companion with an acceptance:

"Do you believe his story?" said the solicitor.

"No, the man's a bar, but I don't believe he's a murderer," replied Rolls.

The Sir Douglas Rolls, who had the formidable task of defeating a east-bound prosecution and far more difficult, had had content with a most unscrupulous client upon whose side were ranged bars and fools.

Yet Sir Douglas succeeded not only in defeating the prosecution, but in winning a weighty crown, but in an unexpectedly trade denouement upholding the fair name of English justice.

TREAT: GABLE SCORES IN
REAL HUMAN FILM ROYAL

A picture that rates the raves of every movie fan in town—and has collected a lot of them—begins its run at the Capitol on Saturday, November 28, and continues Friday and Saturday. It is Darryl Zanuck's filmization of "Call of the Wild," the famous London classic of the Yukon gold rush.

Rich in rugged drama and clean fun, the picture creates a powerful appeal for all members of every family—the youngsters and their daddies won't have to be told for they've all seen the famous tale of Jack London's tales and the love story, beautifully played by Clarke Gable and Loretta Young, will insure the gusset of young girls for the canine classic.

Jack Oakie contributes the comedy and has never been better. And there's a new dog star, huge, and very good.

Barrie, Stanwyck in "The Woman in Red" was outstanding on Monday, Tuesday, Friday and Saturday.

For Thursday, Friday and Saturday, Maurice Chevalier, in "Folies Bergere" is the big drawing card.

A picture that rates the raves of every movie fan in town—and has collected a lot of them—begins its run at the Capitol on Saturday, November 28, and continues Friday and Saturday. It is Darryl Zanuck's filmization of "Call of the Wild," the famous London classic of the Yukon gold rush.

Rich in rugged drama and clean fun, the picture creates a powerful appeal for all members of every family—the youngsters and their daddies won't have to be told for they've all seen the famous tale of Jack London's tales and the love story, beautifully played by Clarke Gable and Loretta Young, will insure the gusset of young girls for the canine classic.

Jack Oakie contributes the comedy and has never been better. And there's a new dog star, huge, and very good.

Barrie, Stanwyck in "The Woman in Red" was outstanding on Monday, Tuesday, Friday and Saturday.

For Thursday, Friday and Saturday, Maurice Chevalier, in "Folies Bergere" is the big drawing card.
